Dear David

Thank you very much for collecting my client's outstanding payment so quickly - I wouldn't have expected that you would have got my client to pay in 10 days!

It had become increasingly difficult for me to follow up on this debt, after I had left the UK for a job in Chicago. I was lucky to have found your company on the internet, as I was dreading the hassle & expense of dealing with lawyers and courts. Especially, as I am a running my computer consulting business on my own.

Please feel free to ask any of your potential clients to contact me, as I will recommend your services highly. Thanks again!

Yours faithfully,

Andrew Doig,
for Gator Technology Limited.
